Why Bespoke Colour House?

Your hair is your crown, it's always on show and is part of who you are. That matters to us, so here is some of what we do to make sure we're the best:

- We've won the "Scotland's best hair salon" award and many others
- Our team is fully employed, so they get the best training and coaching way above the industry standard
- Our service is randomly checked by mystery shoppers who give feedback that we use to constantly improve
- After their apprenticeships, our junior stylists go through an intense 6 weeks of tests and training so they are at the top of their game
- We run monthly customer service training with every team member
- The salon is overseen by two Master Colour Experts with distinction. The best of the best. Less than 1% of the industry has the level of training that they have

SO, LET'S GET THIS JOURNEY STARTED

What if you never had to worry about your hair again?

With Bespoke Colour Club, we will plan your visits and hair products for the whole year and you can spread the cost with a fixed monthly direct debit. Keep reading to learn more (we also do a cut & style club).

Why pick fancy salon hair products instead of regular stuff from the supermarket?

Well, the fancy salon stuff has better ingredients, is made for your hair type, and will help your colour stay put for longer.

Using supermarket hair products after investing in making your hair look great, is like buying a designer dress then throwing it in the washing machine with cheap detergent. It will do the job, but it won't look like a designer dress for long.
